

On The Line: Texas Forestry

Texas Forestry Association's 106th
Annual Meeting - October 28-29, 2020
It's a *Virtual* Event

Sponsor Opportunities

Dear TFA Sponsors,

What a year! As you may know, Texas Forestry Association is not conducting a live annual meeting in 2020 and we are really bummed about it. The 106th association meeting will be informative, but shorter and, of course, virtual. We are *excited* to be able to offer something different and we are working diligently to make it a great virtual meeting. Day 1 will include training sessions and the Board of Directors meeting. On Day 2, speakers and awards will be presented. With our *glass half full*, we are using this as an opportunity to reach members and non-members who normally do not have time off to attend the live annual meetings, as well as our good and faithful attendees, exhibitors and sponsors.

During this year of COVID, forestry was recognized as an *Essential Business*, something we've always known. Our virtual meeting theme – On the Line: Texas Forestry – captures the essence of an essential industry.

TFA has some great opportunities and we are continuing to find even more innovative ways to highlight our sponsors. We hope you will complete the attached form and join the 106th Annual Meeting of Texas Forestry Association.

Please contact the TFA office (936) 632-8733 or email [sstutts@texasforestry.org](mailto:ssutts@texasforestry.org) with any questions or if you need further information. Thank you and we look forward to hearing from you.
